Demonstration of Proposed Features

Date: 30 September 2026

Team ID: 6abc95cbdfc814753aa5fe42

Team Name: EduGenie: Google Gemini Powered Learning Assistant

Project Name: EduGenie: Google Gemini Powered Learning Assistant

Maximum Marks: 1 Mark

Demonstration of Proposed Features:

This document captures the proposed EduGenie features and tracks whether each feature was successfully implemented and demonstrated. It serves as evidence of the team's ability to deliver a Google Gemini powered learning assistant for personalized and guided learning.

S.No	Feature Name	Description	Status	Demonstrated	Remarks
1	User Login and Logout	Log in with a username and password to keep each learner's learning activity private, and log out.	Implemented	Yes	Demo authentication for the project; production security is outside the demonstration scope.
2	Guided Learning Questionnaire	Multi-step questionnaire collecting learner name, learning goal, subject/topic, level, preferred learning style and study preferences, with validation before continuing.	Implemented	Yes	Guided flow with progress indication and inline validation.
3	Personalized Learning Plan Generation	Generates a personalized study/learning plan from learner responses using Google Gemini, with options to regenerate or edit the plan.	Implemented	Yes	Gemini-powered generation and learner-specific recommendations.
4	Dashboard with Next Learning Task	Shows current learning goal, planned sessions, completed activities and progress, and highlights the next learning task.	Implemented	Yes	Dashboard provides a clear starting point for the learner.
5	Weekly Checklist and Schedule	Checklist lists learning activities with day, time and status, while schedule cards show duration, activity count and details.	Implemented	Yes	Supports organized weekly learning and task tracking.
6	Learning Content / Topic Details Page	Shows topic explanations, key concepts, examples, learning resources and relevant practice activities in a structured view.	Implemented	Yes	Content is presented in a learner-friendly format.
7	Activity Completion, Progress and Streak	Learner marks activities complete; completion status, progress percentage and learning streak are updated.	Partial	Yes	Core completion and progress tracking demonstrated; extended consecutive-day streak behavior can be enhanced in future scope.
8	Sample Learning Plans	Ready-made sample learning plans that learners can adopt using an option such as 'Use this plan'.	Implemented	Yes	Sample plans provide quick-start learning paths.

Feature Implementation Summary

Total Features Proposed	8
Total Features Implemented	7 fully implemented and 1 partially implemented (Activity Completion, Progress and Streak)
Total Features Demonstrated	8 (all features were shown in the live demonstration walkthrough)
Overall Implementation Rate (%)	87.5% (7 of 8 features fully implemented; 93.75% if the partial feature is counted as half)

Note: Additional advanced capabilities such as expanded integrations, broader content sources, and enhanced AI coaching/personalization may be considered in future scope and are not counted as proposed features for this delivery.
